

OFFUTT AIR FORCE BASE

The 55th Wing is the largest wing in Air Combat Command and the second largest in the Air Force. We support operations on four continents across six diverse flying missions. The "Fightin' Fifty-Fifth" provides global reconnaissance, real time intelligence gathering, command and control, information warfare, electronic attack, treaty verification and combat support to national leaders and agencies as well as Air Force and joint warfighters. Additionally, the 55th Wing provides Offutt Air Force Base infrastructure supporting 52 associate units including USSTRATCOM, the 557th Weather Wing, 595th Command and Control Group and the Defense POW/MIA Accounting Agency CONUS Annex. Offutt Air Force Base is home to the 343d Recruiting Squadron, 20th Intelligence Squadron, Strategic Communications Wing Detachment One, and the Heartland of America Band.

The United States Strategic Command is one of ten unified combatant commands of the Department of Defense. USSTRATCOM's campaign sets conditions across the globe as the ultimate guarantor of national and allied security. USSTRATCOM's forces and capabilities underpin and enable all other Joint Force Operations.

The wing's support functions include: base mobility, manpower, logistics, aircraft and vehicle maintenance, civil engineering, contracting, personnel administration, education, law enforcement, resource security, morale, welfare and recreation, medical and dental care, and local as well as global command control and communication capabilities. The wing performs staff requirements to include: administration, legal services, comptroller, public affairs, history, inspection, plans and programs, ground and flight safety, protocol, inspector general, chaplain services, sexual assault prevention and response, and equal opportunity functions for both military and civilian members. In closing, the hardworking men and women of the 55th Wing can proudly lay claim to the fact that, truly...

"The sun never sets on the Fightin' Fifty- Fifth."

MISSION:

**Provide dominant intelligence,
surveillance and reconnaissance,
electromagnetic warfare, and nuclear
command, control and communications to
national leadership and warfighters,
... Any time, Any place.**

VISION:

**Innovative, resilient leaders delivering
information dominance across the full
spectrum of conflict.**

PRIORITIES:

Prepare, Adapt, Collaborate & Execute
